

# ACTION TEAM SPONSORSHIP

MAKING AN INVESTMENT IN TOMORROW'S LEADERS

## WHAT IS GENERATION ALIVE?

Generation Alive is a Spokane-based non-profit that is activating youth to lead with compassion. GA works with schools, churches and other youth-serving organizations to increase awareness of needs in the community and provide youth with tangible ways to make a lasting impact.

## WHAT IS AN ACTION TEAM?

Action Teams are groups of 15-20 students who are identified by their school staff as a diverse group of students that can inspire their peers throughout a school-wide fundraising campaign and service project.

These students meet with our program team weekly leading up to the assembly working through customized curriculum that teaches them about leadership, inspiring others, recognizing community needs, and acting compassionately.
